# The professional A4 white toner printer for garment decoration, design, POS and education

## The Original CMYW Printer

The Pro7411WT is part of OKI's white toner (WT) portfolio – the original printer range that offers users the ability to extend their use of A4 coloured media, clear film and transfer media in a simple, easy-to-use and reliable device, ensuring colour and image integrity making it perfect for:

- Personalising garment decoration
- Art, craft and design departments
- Body art and fashion
- Point-of-Sale displays
- Education

## The fast, affordable solution for printing White

Combining High Definition digital LED colour printing with white toner technology, the Pro7411WT offers A4 media versatility on weights up to 250gsm, and banner lengths of up to 1320mm.

Class-leading performance in a compact desktop design delivers stunning solid whites and vibrant colour normally only achievable from expensive production equipment.

The barriers to creative potential are finally removed allowing short-run production of display materials, bespoke stationery, T-shirts and promotional merchandise in-house.

## In-house printing just got smarter – in any colour, including white

White toner printing offers designers, graphics studios, point-of-sale manufacturers and a range of other graphics-based businesses, a new flexibility in their printing, proofing and production, enabling them to print in-house what they need, when they need it.

The Pro7411WT prints solid white onto a wide variety of coloured media and can also be printed over other colours to create vibrant transfers for use on dark backgrounds. By removing all the traditional CMYK restrictions, printed output matches design capabilities for T-shirt and merchandising transfers, short-run packaging and concepts, window graphics and clear film, including stationery items from invitations to menus can now be realised.

Combine all of these superior features with outstanding graphics quality provided by OKI's pioneering digital LED technology and you have a revolution in printing for the graphics design, education and merchandising sectors.
